DETAILED ACTION

1. This office action is in response to application 10/720,564 and Amendment filed on 05/23/2006. Claims 1- 27 remain pending in the application.

Election/Restrictions

2. Restriction to one of the following inventions is required under 35 U.S.C. 121:

I. Claims 1-7 and 12-20 (Group 1), drawn to an integrated circuit (IC) comprising a clock distribution grid and a power grid, classified in class 716, subclass 13.

II. Claims 8-11 and 21-27 (Group 2), drawn to an integrated circuit (IC) comprising a clock distribution grid, classified in class 716, subclass 13.

Inventions 1-7 and 12-20 (Group 1) and 8-11 and 21-27 (Group 2) are related as combination and subcombination. Inventions in this relationship are distinct if it can be shown that (1) the combination as claimed does not require the particulars of the subcombination as claimed for patentability, and (2) that the subcombination has utility by itself or in other combinations (MPEP § 806.05(c)). In the instant case, the combination as claimed does not require the particulars of the subcombination as claimed, because Group 2 includes at least one inductor connected at one end to a first clock phase and at least one inductor being connected to a second clock phase at an other end. The subcombination has separate utility such as at least one inductor being connected to the second clock phase at the other end.

3. Because these inventions are distinct for the reasons given above, restriction for examination purposes as indicated is proper.

4. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

5. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
